Collaboration with Self-Advocates

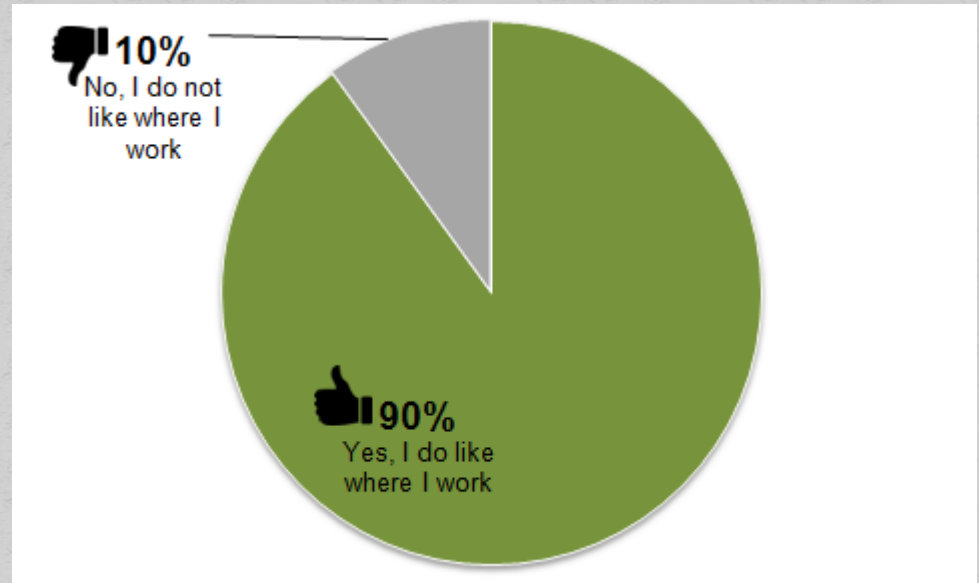

This is what the **User-Friendly Report** looks like

What is working well...

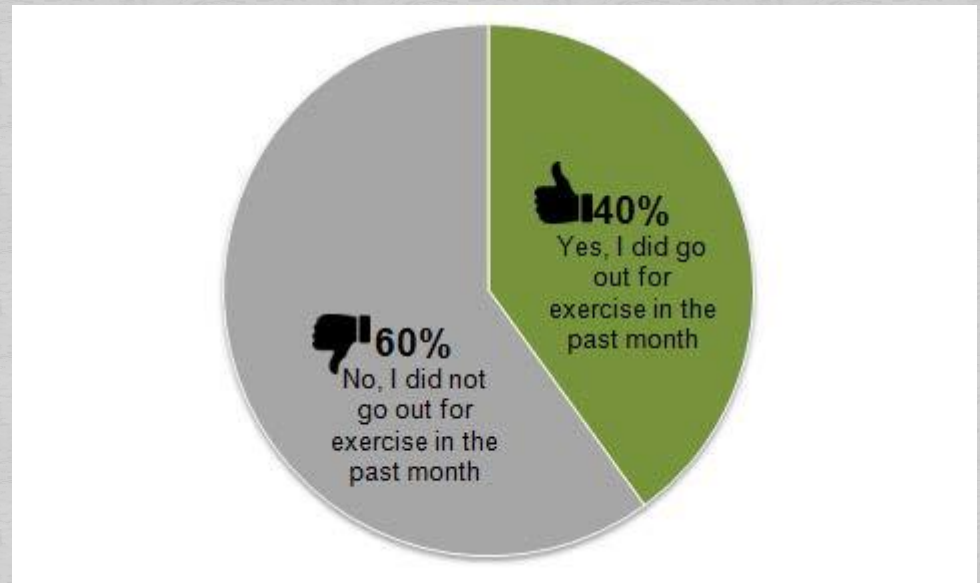

Do you like where you work?

NCI tells us that **9** out of every **10** people who work said they **like where they work**.

What could be better...

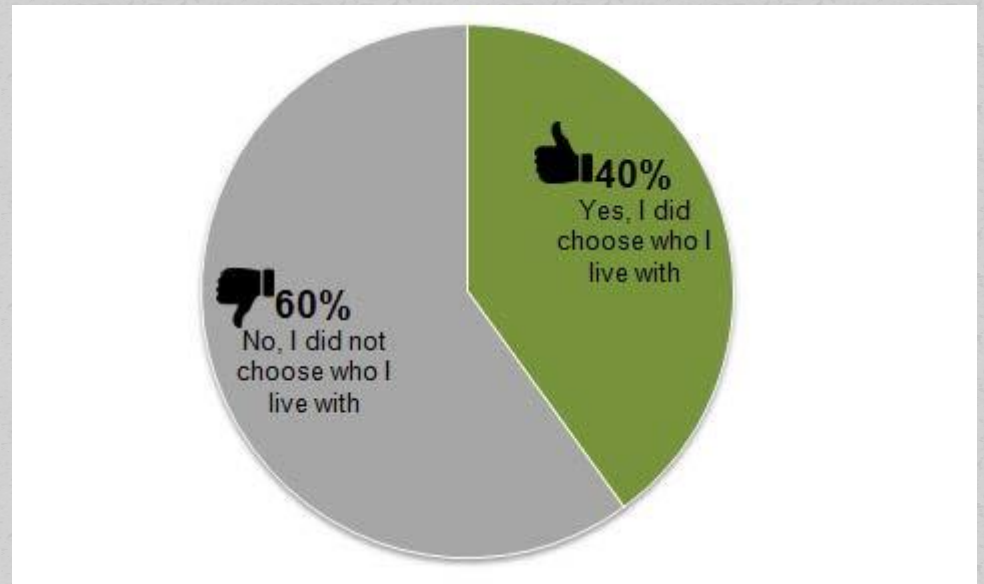

Did you go out for exercise in the past month?

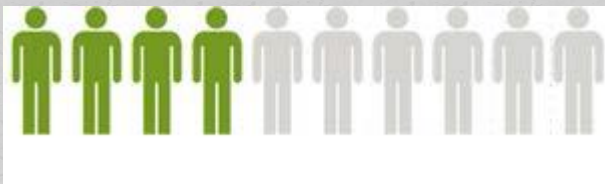

NCI tells us that **4** out of every **10** people said they **went out for exercise in the past month.**

What if things are different from what you know...

Did you choose who you live with?

NCI tells us that **4** out of every **10** people said they **chose who they live with**.
